

Dalla regolazione alla relazione. Interocezione, modulazione sensoriale e stadi di crescita

Webinar - 20 giugno 2026

Contenuti:

Come si sviluppa realmente la **Regolazione**? In che modo l'interocezione e la **modulazione sensoriale** plasmano la capacità di coinvolgimento, reciprocità e pensiero emotivo nella bambina? In questo corso esploreremo la **regolazione attraverso la lente neuroscientifica della Teoria Polivagale integrata con la prospettiva evolutiva** del DIRFloortime, andando oltre il comportamento e la neurofisiologia del sistema nervoso per comprendere il profondo processo relazionale, sensoriale ed emotivo che si sviluppa attraverso tutte le Capacità Emotive Funzionali di Sviluppo (FEDCs).

Esamineremo come viene interiorizzata la **Co-Regolazione precoce**, il ruolo dell'**Interocezione** come **fondamento della consapevolezza emotiva** e come la modulazione sensoriale influenzi il coinvolgimento, la comunicazione e il pensiero simbolico.

Progettato per professionisti, questo corso offre approfondimenti clinici, discussioni di casi e applicazioni pratiche per supportare bambini, adolescenti e famiglie in modo più efficace.

Il corso offre un approfondimento avanzato pensato per conoscenze professionali.

Il corso presuppone conoscenze pregresse professionali intermedie e avanzate.

Corso in lingua inglese con traduzione consecutiva in Italiano

Obiettivi di apprendimento:

- Distinguere le fasi della regolazione (Co-regolazione, Regolazione Condivisa e Autoregolazione) nelle FEDCs, integrando i principi DIRFloortime e della Teoria Polivagale
- Analizzare come Interocezione e i modelli di Modulazione sensoriale influenzano lo sviluppo emotivo, il coinvolgimento e la progressione delle FEDCs
- Creare strategie DIRFloortime per supportare Regolazione, Consapevolezza interocettiva e Modulazione sensoriale nella pratica clinica con bambini e adolescenti
- Valutare come le esperienze sensoriali-affettive nelle diverse fasi dello sviluppo contribuiscano alla formazione di un Senso di Se e di identità coeso

Docente: Dott.ssa Maude Le Roux, OTR/L, SIPT, ADHD-RSP, Formatrice e autrice DIRFloortime

Programma

- 09:00** I fondamenti evolutivi della Regolazione. Ampliare la neurofisiologia per comprendere la regolazione come processo evolutivo, relazionale e sensoriale
- 10:30** Pausa
- 11:00** L'Interocezione: l'anello mancante nel cuore della crescita emotiva. L'Interocezione come ponte tra la regolazione corporea e lo sviluppo emotivo.
- 12:30** Pausa pranzo
- 13:30** La Modulazione sensoriale e il suo impatto sulla progressione nelle capacità emotivo-funzionali (FEDCs)
- 15:00** Pausa
- 15:30** Dalla Regolazione all'Identità: come l'esperienza sensoriale plasma il Senso di Se attraverso le FEDCs
- 17:00** Questionario ECM e termine dei lavori

Summary

Maude le Roux is an international trainer and mentor to therapists and teachers globally. She is an Occupational Therapist, SIPT Certified, is an Expert DIR Training Leader, and has completed several Sound Therapy certifications. Maude trains internationally in the DIRFloortime® Certificate process as well as in Tomatis Sound therapy and Interactive Metronome. Maude works with a team of occupational therapists and speech language pathologists in her practice. She is well known for her work with children who carry diagnoses of autism spectrum disorder, sensory processing disorder, attachment disorders, and dyslexia / learning disabilities, and holds certification as a specialist in ADHD. She has presented at conferences across the US as well as internationally. She is an appointed board member of ATTACH, currently serving her third three year term. After years of extensive travel, Maude opened an online academy (www.maudeleroux.com) in January 2019. She co-authored *The Listening Journey* with Francoise Nicoloff, and her second book, *Our Greatest Allies*, is available on Amazon.com. The second book follows a detailed case study around the DIR/Floortime Method and growth in adaptive response and executive functioning skills.

Education

Management Development Program	University of Stellenbosch	1989
B. Occupational Therapy (4 years)	University of Stellenbosch	1981 to 1984

Experience

The Maude Le Roux Academy Jan 2019 – Present
MLRA is designed to serve professionals in various careers with current information, and practical, science-based tools.
Owner & Trainer
www.maudeleroux.com

A Total Approach- Private Practice West Chester, PA 2002 - Present
Owner & Executive Director
Responsible for building practice and creating employment for 16 employees.
Our clinic services 100 children on a weekly basis, excluding school visits, home visits, and evaluations.
We provide comprehensive evaluations in a variety of diagnostic categories.
We provide DIR parent coaching sessions on the floor with the child as well as through the use of video material.
We provide on and off-site Sensory Processing and DIR training for therapeutic support staff or home care assistants in a variety of ways, including one-on-one or group trainings.
Maude is a mentor to other professionals in the field, including occupational and speech language therapists learning the DIR Model.
We provide several programs that require certification and additional learning with regards to neuroplasticity and learning.
We provide Tomatis Sound Training, ReadLS, and Interactive Metronome training.
Our services are provided across different areas for each child, while we focus on making clinical experiences practical in the community.
We provide a variety of in-services, including DIR, Sensory Integration, Executive Functioning.

Penn Delco School District- EBS Healthcare 2000-2002
Pediatric Occupational Therapist
Responsible for full caseload with a variety of diagnosis including Learning Disabilities, Vision difficulties, Autism, Cerebral Palsy and Down Syndrome.
Responsible for team collaboration, evaluations, and being member of IEP teams.
Treatment modalities included fine motor therapy, basic visual skills training, visual perceptual integration training, sensory integration / modulation, NDT and Assistive Technology.
Trained in IDEA and worked in inclusion environment with high emphasis on classroom collaboration, yet keeping a clinical balance in educational environment.
Provided a variety of in-services to school personnel.

EBS Healthcare 1998-2000

Clinical Director

Worked across the nation and supervised Occupational Therapists, Physical Therapists, and Speech Language Therapists in school and early intervention settings.

Problem solving and trouble shooting by phone / in person on difficult cases.

Providing information to therapists on a variety of topics, diagnosis, and treatment techniques.

Responsible for purchasing and building company library with books, articles, and video material.

Prepared in-services for therapists to present to their facilities.

Liaison with Special Education departments in variety of contract settings.

Assisted with marketing interviews in gaining new contracts.

Prepared and presented in-services including the following:

<u>Orientation Workshop for new therapists</u>	2 days	PA, CT, and WV
<u>SI workshop</u>	2 days	CT
<u>Development of Fine Motor Skills</u>	3 hr	CA and CT
<u>Development of Oral Motor Skills</u>	3 hr	CA
<u>Assistive Technology</u>	3 hr	MD
<u>Role of Occupational and Physical Therapy</u>	3 hr	NM

EBS Healthcare 1997-1998

Pediatric Occupational Therapist- West Virginia & New Mexico in school settings

- Responsible for a full caseload with a variety of diagnosis such as Learning Disabilities, Down syndrome, Autism, JRA, Physical disabilities and other isolated diagnosis.
- Supervised one COTA.
- Provided in-services to school personnel on Autism and other topics.
- Member of IEP teams.
- Trained in IDEA and worked in team collaborative setting.
- Modalities included visual skill training, fine motor training, NDT, SI Modulation, and Assistive Technology.

Atlas Therapy & EBS Healthcare 1994-1997

Contract Therapist- Geriatric Occupational Therapist

- Skilled Nursing Facilities and Hospital settings.
- Responsible for full caseload and evaluations.
- Supervised several COTA's and students.
- Designed, trained, and implemented a variety of Restorative Dining, Mobility, and Discharge programs.
- Provided training for Restorative nursing aids and other nursing personnel.
- Worked with a variety of diagnosis such as hip and knee replacements, CVA, brain injury, Alzheimer's disease and others.
- Worked on variety of committees such as Resident Safety, Restraint Committees, and others.
- Provided several in-services for personnel.

Atlas Therapy 1993-1994

Clinical Director

- Supervised 70 Occupational and Physical Therapists.
- Variety of skilled nursing, outpatient and rehabilitation facilities.
- On-site supervision and telephone liaison.
- Responsible for monthly newsletter.
- Organized company banquet for all therapists.
- Assisted Human Resources with therapist contract difficulties.
- Assisted Recruiting with telephone interviews to recruit new personnel.
- Responsible for Housing personnel, Time card personnel, and telephone liaison personnel.
- Assisted with developing company policy and procedures manual.

Lentegeur Psychiatric Hospital- Cape Town, South Africa 1989-1993

Psychiatric Occupational Therapist

- Worked with a variety of diagnosis such as chemical abuse, first to third schizophrenic breakdown patients, acute depression and personality disorders.
- Full time team member, responsible for evaluations and facility programs.
- Modalities used included social skills, time management, leisure management, and evocative groups with psychodrama, art and other mediums.
- Trained and supervised first COTA's in our province. Responsible for staff team building in hospital and organized several events such as volleyball tournaments.

Maude Le Roux

- Organized hospital sporting events for patients, such as annual athletic championships. Supervised students from local university.

Ramot Center for Substance Abuse- Cape Town, South Africa 1985-1992

Psychiatric Occupational Therapist

- Worked with a variety of groups with different substance dependencies.
- Responsible for work training, leisure training and time management.
- Led Social Skills and Evocative groups using a variety of media.
- Supervised students from local university.
- Responsible for evaluations and weekly progress reports.

Professional Experience

The Maude Le Roux Academy (opened in January 2019):

- Live Courses (see www.maudeleroux.com)
- Online Track Courses: Autism, Reading, Dyspraxia, ADHD/Executive Function
 - Bronze: Theory
 - Silver: Assessment
 - Gold: Intervention
 - Platinum: presenting 2 case studies spreading from assessment to intervention.
- Single Courses 1x weekly for 60 to 90 minutes over 4 to 6 weeks
- Webinars on topics occurring once only for 60 to 90 minutes

DIR Workshop Facilitation (excluding parent evening groups)

- Continuously running DIR101, 201, 202, and 203 courses for ICDL since 2011 until present. These courses have expanded from USA to Canada, Singapore, Bulgaria and South Africa
- Part of DIR training Team in Bethesda, MD in November 2011
- One day DIR conference at Family and Play Therapists, PA 2006
- One day conference on autism / DIR King of Prussia April 2005
- Co-Presenter at ASA Philadelphia Conference in March 2004
- One day seminar in Cody, Wyoming- January 2004

Tomatis Sound Therapy Workshop Facilitation

- Continue to conduct all 4 level courses through present date
- Conducted Tomatis Summit in South Africa 2011 and 2013
- Conducted Tomatis US summit in 2011 and 2013
- Became international trainer in the Tomatis Method for all 4 level courses in 2009

International and National Workshops (in person and online)

- Tomatis Level 4 Training for South Africa – December 11-14, 2023
- DIR 101 for Singapore – November 2023
- ADHD Workshop series for Singapore – November 2023
- Understanding the Why of Behavior for Melbourne, Australia – November 23, 24, 2023
- Praxis Workshop for Melbourne, Australia – November 2023
- Dyspraxia Workshop for Jakarta – November 2023
- Presenter for Tomatis Convention in Rome – November 2023
- DIR 101 for Phillipines – November 2023
- Clasi EASI Module 6 – October 26-28, 2023
- ATTACH Level 2 – October 2023
- 10 Months with Maude – January-November 2023
- Forbrain Webinar for Tomatis – October 4, 2023
- Reading and Written Expression Track 1 – September-October 2023
- DIR 203 – June-August 2023
- DIR 202 – June-August 2023
- Dyspraxia Training for Singapore – August 22-24, 2023
- Dyspraxia Case Study Workshop – August 17, 2023

Maude Le Roux

- ADHD/DIR Workshop to Italy – July 8, 2023
- Trauma and the DIR Approach – July-August 2023
- Effective Intervention for Dyspraxia – June-July 2023
- Typical Development 4-9 Months Track 2 – June-July 2023
- Understanding the Why of Behavior for Bath, UK– April 29-30, 2023
- ATTACH OT 3 – April 2023, July-August 2023
- ATTACH Level 2 Workshop – March-April 2023
- 3 Tomatis Features/Parameters – March-April 2023
- Sensory Processing Extravaganza – March 24-29, 2023
- APOT Chadds Ford, PA – January 5, 2023
- 10 Months with Maude – 2023
- Typical Development 0-3 Months Track 1 – January-March 2023
- ATTACH Level 2 Workshop – March-April 2023
- Eis Lassois School Consultation, Brooklyn NY – January 18,19 2023
- Dyspraxia Track 2 Workshop – January-February 2023
- ADHD Workshop for Melbourne – December 2022
- DIR 101 in Schools for Melbourne – December 2022
- OT ATTACH Level 2 – October-November 2022
- OT ATTACH Level 3 – October-November 2022
- ADHD Workshop for Melbourne – December 2022
- Tomatis Level 2 Workshop – July-August, 2022
- DIR 201 with Andrea Snyder – August 2022
- DIR 202 with Andrea Snyder – September-December 2022
- Interactive Metronome Certification Training for South Africa – August 12, 2022
- Laterality and Learning Workshop – July, 2022
- Defining Trauma Workshop Jakarta – July 8, 2022
- Autism Track 3 Workshop – June-July, 2022
- DIR 201 with Millicent Viljoen – June-August 2022
- Interoception Workshop – Online workshop for China
- Lori Adams EF Workshop – June/July
- ADHD and Executive Functioning – Online workshop to CA group – June, 2022
- OT ATTACH Training – June – July, 2022
- OT ATTACH Training – April 2022
- A Year with Maude – Once monthly, 2022
- ADHD and the Tomatis Method Workshop – March 23, 30, April 7, 14, 2022
- Autism Track 2 Workshop – March 24, 31, Apr 7, 14, 21, 28, May 12, 19, 2022
- Tomatis Level 3 Workshop – February 2, 4, 11, 16, 2022
- Autism Track 1 Workshop – January 27, February 3, 10, 17, March 3, 10, 2022
- Sensory Gyms and more! – Beijing – December, 2021
- DIR101 Jakarta – December 2021
- Melbourne Dyspraxia Workshop – November, 2021
- ICDL Presentation – November 3, 2021
- China ADHD Integration Workshop – November 2, 2021
- OT ATTACH Training – October 29, November 5, 12, 19 2021
- China Sensory Workshop – October 25, 2021
- Professional Services Group Workshop – October 20, 2021
- CHADD – October 12, 2021
- DIR Support Group SA – October 12, 2021
- Tomatis Level 1 Workshop – October 2022
- Connecting through Our Sense of Touch – October 7, 12, 19, 2021
- Hands On Approaches – October 5, 27, 2021
- Nadia Indonesia – October 1, 8, 15, 2021
- DIR 201 September 23, 28, October 7, 14, 26, 2021
- Wendy Lee Raun Minnesota Adoption Agency – September 22, 2021
- DIR 203 with Andrea Snyder – September 20, 27, October 4, 11, 25, 2021
- IM Online Workshop SA – September 7, 2021
- DIR 101 South Africa – August 3, 4, 2021
- ADHD China – July 28, 29, 30, September 22, 27, October 12, 2021
- DIR ICDL Presentation – July 28, 2021
- Tomatis Level 1 – July 27, 28, August 4, 6, 11, September 23, 2021
- DIR Case Study – July 23, 30, 2021
- Social Skills – July 15, 22, 2021
- TLC Fluency Webinar – June 28, 2021
- NY Can Advance Center Training June 28, 29, 30, July 21, 2021
- Lori Adams EF Training – June 23, 2021
- Singapore Reflex Integration Workshop – June 18, 2021
- Singapore Dyspraxia Workshop – June 14, 15, 16, 2021
- Talk Spiral Foundation – June 10, 2021
- Tomatis Level 2 Online – June 9, 10, 15, 17, 22, July 13, August 3, 2021
- Calabash Recording – June 3, June 9, 15, 24, August 5, 2021
- Bone Conduction Webinar – Manisha – June 3, 2021
- Junxion Café – May 27, June 24, 2021
- Interoception Workshop for IMPACT – May 21, 2021
- Infinity Headphones Webinar – May 20, 2021
- DIR 202 May 17, 24, June 3, 7, 14, 21, 28, July 8, 12, 19, 26, August 2, 2021
- TALK Spiral Foundation – May 13, 2021
- Tomatis Level 1 Case Studies May 13, 2021

Maude Le Roux

- DIR 203 – May 13, 18, 27, June 3, 10, 17, 24, July 1, 8, 15, 22, 27, 29, October 6, 2021
- OT Attachment Workshop for ATTACH – May-June 2021
- Symbolic Thinking in Children – May 2021
- Toilet Training Inside Out – April, May 2021
- Dyspraxia Assessment Workshop – April through June 2021
- DIR101 Online – March 27, 28, 2021
- Interoception – March 24, 2021
- Sensory Processing and Reflex Integration – March 23, 2021
- Why Play is Crucial for Building Skill – March 22, 2021
- Bilateral Integration and Sequencing Workshop – March 19, 2021
- MNRI – Applications in Neurodevelopment – March 19, 2021
- Somatodyspraxia Workshop – March 18, 2021
- Reflex Integration Workshop to Bulgaria, September 2020
- Dyspraxia Certification Workshop to Singapore, June 2020
- Sensory Modulation Workshop to South Africa, May 2020
- Attachment Workshop to South Africa, April 2020
- Vision and Visual-Spatial Workshop to South Africa, April 2020
- Executive Functioning Toolkit in Minneapolis, February 2020
- Understanding and Treating Praxis and Dyspraxia in New York, January 14, 2020
- DIR in the Classroom in New York, January 13, 2020

 - DIR training for school system in South Africa in 2006
- ### Continuing Education Courses Completed
- #### 2023
- Tomatis Webinar with Valerie Gas – December 6, 2023
 - Forbrain with Robin Harwell – November 30, 2023
 - Tomatis Method and ENT Problems – November 22, 2023
 - NARM with Michael Mokus Webinar – November 17, 2023
 - Holding the Darkness
 - Embodied Hypo-States – October 7, 2023
 - Patrick McKeown Webinar – September 22, 2023
 - Polyvagal Theory – September 2023
 - Trauma Informed Care and Addressing Vicarious Trauma – August 11, 2023
 - The Power of the Jaw – August 4, 2023
 - The Magic of Connection – July 31, 2023
 - Science of Reading in Action – July 2, 2023
 - Using Forbrain for Dyslexia – June 7, 2023

- Betty Jackson Sandplay Webinar – May 12, 2023
- Alchemy Opus of Transformation – April 8, 2023
- CLASI Module3 Workshop – April 2023
- CAST Neuroscience – March 25, 2023
- The Anxiety Paradox: Why Helping Kids Feel Good can Help Them to Feel Good - March, 4, 2023
- Prevention, Consultation, etc – March 2023
- The Archetypal Quest for Hero – - March 2023
- The Language of Math: Application to Assessment and Instruction – March 2023
- ADHD in Girls and Young Women - February 24, 2023
- PCPSI The Making of a Therapist with Dr. Lou Cozolino February 2023
- Profectum Conference – January 29, 2023
- PCPSI Transcending Trauma #1 – January 13-15, 2023

2022

- Sandplay Therapy through the Neuro Lens – November 27, 2022 to 2023
- PCPSI Shari Geller Therapeutic Presence and Polyvagal Theory – November 2022
- The Heroic Intention of Addiction – October 2022
- ICDL 2022 International DIRFloortime Conference – October 2022
- ATTACH Conference – August 2022
- Dr. Diane Heller - Healing the Hidden Roots of Shame – August 6, 2022
- Boston Children's Hospital Leaders in the Field - Hisako Watanabe, M.D., Ph.D. – August 5, 2022
- Dr. Diane Heller - Healing the Hidden Roots of Shame – August 6, 2022
- ATTACH Conference – August 2022
- ATTACH Developmental Trauma and Attachment: Community of Practice – May 2022
