| PROVIDER: FONDAZIONE LEONARDO PER LE SCIENZE MEDICHE ETS – ID. 5889 |
| TITOLO: II MASTERCLASS ON ROBOT-ASSISTED RADICAL CYSTECTOMY AND NEOBLADDER |
| SEDE: Hotel Alexander Palace (Abano Terme, via Martiri d’Ungheria 24) |
| DATA: 25-26 giugno 2026 |
| ID. EVENTO: , ed. 1 |
| N. CREDITI RILASCIATI: |
| DURATA TOTALE DELL'ATTIVITÀ FORMATIVA: 16 ore |
| DURATA DELL'ATTIVITÀ FORMATIVA INTERATTIVA: 3 ore |
| RESPONSABILE SCIENTIFICO: Luigi Schips, Cristian Fiori, Francesco Porpiglia |
| FIGURE PROFESSIONALI DI ACCREDITAMENTO: Medici Chirurghi (tutte le specializzazioni), Infermieri |
| OBIETTIVO FORMATIVO NAZIONALE: 3 – Documentazione clinica. Percorsi clinico-assistenziali diagnostici e riabilitativi, profili di assistenza - profili di cura |
| OBIETTIVO FORMATIVO DI SISTEMA/DI PROCESSO/TECNICO-PROFESSIONALI: Acquisizione competenze in tema di cistectomia e neovescica |
| DOCENTI E MODERATORI: Prof. Luigi Schips |
| METODOLOGIA DIDATTICA: Lezioni frontali, lectio magistralis, tavola rotonda, live surgeries |
| VERIFICA DI APPRENDIMENTO: Questionario a risposta multipla online |
| <p>RAZIONALE: Among the most common malignancies are those affecting the urinary tract and the male genital system. Urological cancers are not limited to prostate cancer but also include kidney, bladder, and testicular tumors, among the most prevalent entities.</p> <p>In recent years, a multidisciplinary approach to oncological diseases has progressively expanded, extending beyond prostate cancer to include bladder cancer management. The development and implementation of novel diagnostic modalities, advances in radiotherapy techniques, the introduction of next-generation robotic surgical platforms, and the availability of innovative systemic therapies now mandate a fully integrated multidisciplinary strategy, particularly in patients with muscle-invasive bladder cancer.</p> <p>Technological evolution has profoundly transformed surgical practice and recovery pathways. Over the past two decades, the field has progressed from open surgery to minimally invasive robotic techniques, significantly impacting perioperative outcomes and patient recovery.</p> <p>This Masterclass aims to compare surgical techniques and therapeutic strategies through structured discussion among leading Italian and international experts. The objective is to highlight technical nuances and clinical decision-making processes, ultimately promoting an increasingly personalized, patient-centered, and precision-based approach to urological oncology.</p> |

PROGRAMMA

DAY 1 – JUNE 25TH 2026

09.00-09:45: Welcome and Course Introduction

09.00-09.10 Welcome Addresses – *L. Schips, C. Fiori, F. Porpiglia*

09.10-09.15 Welcome Address – Fondazione Leonardo

09.15-09.20 Welcome Address – Rector, Unicamillus University

09.20-09.30 Welcome Address – on behalf of SIU – *G. Carrieri*

09.30-09.45: *Lecture: state of the art in Bladder Cancer – S. Shariat*

9.45-11.00: Patient Work-Up for Candidates to RARC

Moderators: E. Mearini; S. Perdonà; F. Soria; F. Zattoni; C. Giulioni

09:45-10:00: Emerging Biomarkers in the Management of Patients Candidate for RARC
G. Mantica

10.00-10.15: The Role of the Pathologist in Guiding Surgical Timing – *A. Dei Tos*

10.15-10.30: Neoadjuvant Treatments in Muscle-Invasive Bladder Cancer – *V. Mollica*

10.30-10.45: Imaging in Muscle-Invasive Bladder Cancer – *P. Biondetti*

10:45-11:00 Discussion

11.00-13.00: Robotic radical cystectomy from Padua

Operator: *F. Dal Moro*

Young provokers: M. Moschini; A. Del Rosso; R. Contieri

Expert provokers: G. Carrieri; V. Ficarra; M. Di Marco

13.00-14.00: Light Lunch

14.00-15.45: semi-live surgeries

Young provokers: A. Mari; R. Bertolo; G. Pace

Expert provokers: S. Serni; N. Buffi; L. Cormio

14.00-14.20: Cystectomy for Non-Oncological Indications – *V. Phe*

14.20-14.40: Sexual-Sparing Cystectomy in Women – *S. Albisinni*

14.40-15.00: Nerve-Sparing Cystectomy in Men – *R. Schiavina*

15:00-15:20: single-port radical cystectomy – *S. Crivellaro*

15:20-15:45: Discussion

Open Coffee break

15.45-16.45: Future Perspectives in Robotic Bladder Surgery

Moderators: *M. Marchioni; C. Fiori; C. Imbimbo*

15:45-16:00: Structured Training Curriculum for RARC – *P. Dell’Oglio*

16.00-16.15: Artificial Intelligence and Radical Cystectomy – *G. Cacciamani*

16.15-16.30: Preoperative Planning: Virtual Reality, 3D Modeling, and the Metaverse –
D. Amparore

16:30-16.45: Discussion

16.45-17:30: Ileal conduit vs. neobladder

Moderators: *B. Rocco; P. Ditonno; S. Pandolfo; M. Di Dio*

16:45-17:00: Pro Ileal conduit – *F. Turri*

17:00-17:15: Pro robotic neobladder – *F. Gaboardi*

17:15-17:30: Discussion

18:00-18:15: Keynote Lecture Single-Port Surgery: Concept Evolution. Is RARC the End? – *R. Autorino*

18:15-19.00 Beyond Radical Cystectomy

Moderators: *G. Ludovico; L. Cindolo; M. Ferro*

18.15-18.30: Adjuvant Therapy in Bladder Cancer – *M. Roselli*

18:30-18:45: The Role of Radiotherapy in the Management of Bladder Cancer – *F. Busato*

18:45-19:00: Radical Pelvectomy – *F. Fanfani*

19:00-19:30 Beyond Surgery: The Role of Systemic Therapy in Urology

Moderators: *D. Romagnoli*

19:00-19:10: Systemic Therapy in Prostate Cancer

19:10-19:20: Systemic Therapy in Renal Cell Carcinoma

19:20-19:30: The Role of Phytotherapy in Urological Treatments

DAY 2 – JUNE 26TH 2026

08.00-08.30: Radical Cystectomy: The Patient's Perspective

Roundtable: E. Fiorini; A. Carbone; L. Schips; R. Damiano; S. Micali

08.30-10.00: NEOBLADDER techniques – prerecorded session

Young provokers: F. Piramide, L. Bianchi; F. Mengoni

Expert provokers: B. Rocco; A. Cafarelli

08.30-08.45: Studer technique – *E. Lambert*

08.45-09.00: W-shape (Hautmann) technique – *V. Phè*

09.00-09.15: Florin neobladder – *A. Minervini*

09.15-09.30: Bordeaux technique – *F. Annino*

09.30-09.45: Padua Ileal bladder technique – *G. Novara*

09.45-10.00: Discussion

10.00-10.15 *Expert Lecture: Beyond Reconstruction: The Role of Transplantation – I. S. Gill*

10.15-10.30 *Expert Lecture: Neobladder Atlas – F. Porpiglia*

10.30-12.00: open coffee break

10.30-12.00: NEOBLADDER techniques – live surgery session

Young provokers: F. Di Maida; S. Puliatti; A. Veccia

Expert provokers: F. Uricchio; O. De Cobelli; A. Antonelli

From OR (Campus Bio-Medico): Omega technique – *R. Papalia*

12.00-13.00: Complex Cases and Postoperative Care After RARC with Neobladder

Moderators: R. Damiano; V. Li Marzi; E. Finazzi Agrò; F. Esperto; E. De Lorenzis

12.00-12.15: How to manage intraoperative nightmares – *G. Simone*

12.15-12.30: ERAS protocol to maximize patient recovery after surgery – *G. Gandaglia*

12.30-12.45: Multidisciplinary Management After Radical Cystectomy – *R. Campi*

12.45-13.00: Functional Profiling for Urinary Rehabilitation – *C. De Nunzio*

13.00-13.15: Endourological Management of Late Complications – *M. Talso*

13.15-13.30: Discussion

13.30-14.00: Light Lunch

14.00 – Termine del congresso

DOCENTI, MODERATORI E RESPONSABILI SCIENTIFICI

| COGNOME | NOME | CODICE FISCALE | LAUREA | SPECIALIZZAZIONE | LUOGO PROFESSIONE |
|----------------|-------------|-----------------------|-------------------------|-------------------------|--------------------------|
| SCHIPS | LUIGI | SCHLGU64D17F785I | Medicina e Chirurgia | Urologia | Abano Terme (PD) |
